

Route description

The airport. Luleå Airport, is 55km north Piteå and from Smurfit Kappa Kraftliner. The easiest way to reach the mill when you arrive by plane is to get at taxi, which can be reserved together with the flight.

When you reach Piteå you preferable take the southern road in to town, marked "Piteå södra" and then you will see the mill on your right hand before arriving to the center of the town. Follow the signs and you will find the headoffice right outside the mill.
